Education

Indian Institute of Technology (Indian School of Mines) Dhanbad

Bachelor of Technology in Computer Science and Engineering

Narayana Junior College

Board of Intermediate Education, Andhra Pradesh (Percentage: 97.3%)

Viswabharati English Medium High School

Board of Secondary Education, Andhra Pradesh (Percentage: 100%)

Expected May 2027

Dhanbad, Jharkhand

July 2023

Vijayawada, Andhra Pradesh

May 2021

Gudivada, Andhra Pradesh

Projects

GoRelay Webhook Delivery Engine | Go, Gin, PostgreSQL, Redis, Docker

[Health Check]

- Built a production-grade webhook delivery engine using Go, Gin, PostgreSQL, Redis, and Docker for asynchronous event processing.
- Implemented Redis-backed queues and concurrent goroutine worker pools to enable scalable webhook fan-out and background job execution.
- Developed reliability features including HMAC-SHA256 webhook signatures, exponential backoff retries, delayed job scheduling, and Dead Letter Queue (DLQ) handling.
- Designed API key authentication, delivery tracking, queue monitoring, and metrics aggregation for fault-tolerant event-driven systems.

LinkLens URL Shortener & Analytics | Go, Gin, PostgreSQL, JWT, Docker, AWS EC2

[Demo]

- Built and deployed a full-stack URL shortener and analytics platform enabling users to create custom short links, manage URLs, and track click statistics in real time.
- Implemented JWT-based authentication with refresh tokens, bcrypt password hashing, and protected API routes for secure user-specific URL management.
- Developed click analytics including total clicks, unique visitors, browser/device insights, URL expiration, and Redis-backed caching for low-latency redirects.
- Containerized the application using Docker Compose and deployed a multi-service architecture consisting of a Go API, PostgreSQL, and Redis on AWS EC2.

Technical Skills

Languages: C++, Go lang.

Frontend tools: Basics of HTML, CSS.

Backend development & Frameworks : Gin framework (Go), REST APIs , Authentication.

Database: PostgreSQL & Redis caching.

Cloud & DevOps: Amazon Web Services (AWS), Docker, Linux.

Tools: Git, GitHub, VS Code

Core CS: Operating Systems, DBMS, Computer Networks, Object-oriented Programming, Software engineering.

Certifications

Deloitte Cyber Job Simulation (Forage)

[certificate]

Oracle Dev Gym: Databases for Developers

[certificate]

JPMorgan Chase & Co. Advanced Software Engineering Job Simulation

[certificate]

C++ Programming Course (Udemy)

[certificate]

Social Engagements

Club Member : Animation Game Design club of IIT Dhanbad

Volunteer: Srijan '25 annual Cultural Fest of IIT Dhanbad and Parakram'24 annual Sports fest at IIT Dhanbad.

Organiser: Concetto'24 Techno Management Fest of IIT Dhanbad.
